Report on International Cochlear Implant Day -What it takes to be an Implant Audiologist?

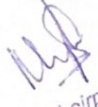

Program Details	
Date	24 th February 2023
Participants	45 Students & 6 Faculty
Resource Persons	Dr.Ajimisha KM Clinical Manager- Asia Pacific, Advanced Bionics Mr.Sarath D Das Audiologist, Ashadeep ENT centre
Venue	Auditorium, Dr. SRCISH

Objective: A talk with two audiologists in the area of Cochlear Implants about their path to their career choice and the requirements for becoming an implant audiologist.

Brief Overview: The Department of Hearing Studies and the Alumni Committee invited Dr. Ajimsha KM, Clinical Manager- Asia Pacific, Advanced Bionics and Mr.Sarath D Das, Audiologist, Ashadeep ENT centre and Vani Pradan Kendra to share their experience and journey on becoming an Implant Audiologist. Dr. Ajimisha, who works in a corporate setting, spoke on the qualities necessary to work for a firm as well as elaborating on the areas covered in their semesters and the practical application of the same in the field. He also explained the many designations and positions that an audiologist can have in a corporate setting, as well as their respective responsibilities and duties. Mr.Sarath D Das, who works at a private clinic, spoke about his journey from his early years at the Institute to his current position. He emphasised the devotion and work required to advance from novice to experienced professional. Several students could connect to the opportunities and challenges he presented.

Feedback: The master's students, in particular, engaged in a lively discussion with both resource speakers. Several of their concerns were addressed during the discussion with the professionals. They were also able to educate themselves on the need for Implant Audiologists if they wanted to pursue a career in the field of Implant Audiology. Students gave very good feedback on the quality of the talk and the application of the points discussed.

More Alumni to interact with current batches focussing on their areas of expertise

Good

Good lecture really useful

NA

It was very informative session.

More time could have been given for the talk

Received an overview of what implant audiologists do, the experience required, the interest to learn the ongoing developments in the field.

Extremely informative

It was a very enlightening talk. It gave us an idea about how to go about with respect to impact audiology

It was great!

Time management can be concentrated upon

I

Can arrange more orientation like this

Handson Workshop for cochlear implant and placement interview

More practical class

It was very informative

No suggestions

More of similar talks to motivate students and provide information
